

WORKERS REST OVER SUNDAY

Probable Now That The Senatorial Fight Will
Come The First Of This Week.

CANDIDATES HAVE LEFT THE CITY

Said That La Follette Will Be Here Sunday Night To Aid
Stephenson In His Fight, By Making Len-
root Withdraw From Race.

[SPECIAL TO THE GAZETTE.]
Madison, Wis., March 16.—Whether
La Follette withdraws or not it is
improbable that he will, the battle
for the United States senatorship will
be fought out with all probability dur-
ing the coming week. This is the
opinion here today, although the ma-
jority of the senators and assembly-
men have gone to their homes for
Sunday.

Candidates Leave
Most of the candidates and their
lieutenants have also left and while
the air is still surcharged about the
capitol itself with senatorship talk
the real work will begin early Mon-
day. The plan now appears to have
no caucus of members before the first
voting in joint session. The Lenroot
people, however, are very anxious
that to have a caucus and exclude
all the Davidson-Connor-Stalwarts,
making it a representative radical
caucus. This, however, will not prob-
ably be done and the first vote taken
will be in joint session.

It was reported last night that Sen-
ator La Follette would be in Madison
on Monday night or Tuesday to lay
down on Lenroot and compel the su-
perior man to withdraw from the
fight. It was also predicted freely
that La Follette's coming was merely
another bluff to make the Mar-
quette man believe he was in earnest
in his attempt to deliver the Senator-
ship to him. There are men, how-
ever, who believe La Follette is sin-
cere in his attempt to aid Stephenson
and a change in the complexion of
affairs is expected.

Cooper's Chances
Congressman Cooper's announce-
ment appears to have struck a favor-
able note in the two houses. He
was most conservative and his
chances are looked upon as good,
though not bright. The Davidson move
still continues to attract attention and
the question that is bothering the
radicals is how much strength has
the Governor in reserve.

tional Business Show, illustrating up-
to-date office devices and the most im-
proved business methods, opened in

last year, will defend her title against
a number of the speediest typewriter
operators of the United States, Cana-
da, and Europe.

TWO WESTERN MEN COMING FIGHTERS

Bill Papke of Spring Valley and Nig-
ger Jack Johnson Were
Both Miners.

[SPECIAL TO THE GAZETTE.]
Chicago, Ill., March 16.—Bill Papke,
the miner pugilist, and Dick Fitzpat-
rick are to meet in a ten-round bout
tonight at Spring Valley in another
effort to settle the question of su-
premaccy. In their last fight Papke
made the decision. Papke is a fighter
who has recently caused the ring fol-
lowers hereabouts to sit up and take
notice. He has been in the limelight
only a few months, but during that
time he has won a string of straight
victories. On January 15 he knocked
out Tom Walker of Philadelphia in
the third of what was to have been
a ten-round contest. Two weeks later,
at Peoria, he put up a furious finish
to a ten-round bout with Dick Fitz-
patrick and won the decision. On Feb-
ruary 14, at Spring Valley, he met
Carl Anderson, an Indiana fighter, and
put him down and out in 30 seconds.
Ten days ago, at Peoria, he won a de-
cision over Billy Rhodes, the Kansas
welterweight.

Another Western fighter who is at-
tracting some attention and from
whom more may be heard later on is
Jack Johnson, a big colored heavy-
weight, who calls Topeka his home.
Like Papke the colored man spent his
early life at mining. He is 23 years
old, stands six feet and fights at
about 190 pounds. He has so far been
unable to get on matches with any of
the top-notchers, but in the few bouts
he has had he has made a good show-
ing. Last winter he won two fights
from "Big Jim" McCormick, the for-
mer sparring partner of John L. Sul-
livan.

third annual convention of the Cattle
Raisers' Association of Texas. A mam-
moth fat stock show will be held in

two events are expected to attract
several thousand visitors from all
parts of Texas, Oklahoma, and Indian
Territory and from Chicago, Kansas
City, Denver, and other centers of the
live stock industry. The convention
will open Monday morning and remain
in session three days. President Ike
Pryor, who probably will be re-elected
as head of the association, will pre-
side over the convention and the
speakers of note will include Governor
Campbell, Secretary of Agriculture
Wilson, Col. C. C. Slaughter of Dallas,
T. W. Tomlinson of Denver, Prof. C.
F. Curtis of Iowa Agriculture college,
and Senator W. A. Harris of Kansas.

FRENCH FINANCIAL RADICAL IS COMING

Paul Doumer, Champion of Income
Tax and Broader Socialistic Meas-
ures, to Visit America.

[SPECIAL TO THE GAZETTE.]
Washington, D. C., March 16.—Paul
Doumer, ex-president of the French
Chamber of Deputies, whom the cable
dispatches state will arrive in this
country within the next week or two
to attend the inauguration of the
Carnegie Institute at Pittsburgh, is one
of the prominent men in the public
life of France. Though a member
of the radical party, he is said to be
extremely moderate in his views, with
a leaning toward the broader aspects
of socialism. Mr. Doumer is just fifty-
years of age. He was a medal-maker's
apprentice at 15, a graduate in mathe-
matics at 20, and a teacher of that sci-
ence at the Lycee of Laon. In 1888
he was elected a Deputy; in 1895 was
Minister of Finance, and from 1896 to
1902 Governor-General of Indo-China.
Two years ago he was chosen presi-
dent of the Chamber of Deputies, and
a year later was prominently men-
tioned as a candidate for the presi-
dency of the republic to succeed M.
Loubet. Personally M. Doumer repre-
sents the financial side of pure radi-
calism, and in particular the income
tax. In 1895 he brought up his pro-
ject of a "global and progressive in-
come tax," which should take the place
of the complicated system of personal
taxation, based mainly on rent paid
with side vexations of doros and win-
dows. The measure was defeated and
caused the downfall of the Bourgeois
ministry, in which Doumer was finance
minister.

PIN KNIGHTS COMPETING FOR \$15,000 IN PRIZES

American Bowling Contest Tournament Will
Be Bigger Than Ever--Many Entries
From Several States.

[SPECIAL TO THE GAZETTE.]
St. Louis, Mo., March 16.—With over
\$15,000 offered in prizes and the lar-
gest entry list on record, the seventh
annual tournament of the American
Bowling congress opened in St. Louis
today and will continue until the last
day of March. Despite the counter at-
tractions offered by the Western tour-
nament at Denver and the National
tournament to be held at Atlantic City
later in the month the present Ameri-
can tournament opens under the most
promising conditions and unless all
signs go astray it will be the "biggest
and best" event of its kind ever pulled
off in this country.

As was to be expected under the cir-
cumstances the entry list is confined
almost wholly to the central states.
Exceptions are offered, however, by
Galveston, Spokane, Baltimore, Denver
and several other cities that have sent
representatives. New York and vicinity
is poorly represented so far as
numbers go, the Eastern metropolis
having preferred the Atlantic City
tournament. The largest number of
bowlers entered are from St. Louis,
Chicago, and Cincinnati. St. Paul,
Louisville, Kansas City, Detroit, and
Indianapolis are better represented
than at any previous tournament.
Other cities that have sent repre-
sentatives include Milwaukee, Minneapo-
lis, Columbus, Omaha, Toledo, Dayton,
Buffalo, Wheeling, Oshkosh, Syracuse,
Toronto, Washington, and Peoria.

Sessions of the American Bowling
Congress, controlling organization of
the game, begin today and will con-
tinue until all the business has been
transacted. When the election of new
officers and selection of a city for the
next annual championship come up hot
fights are looked for. Robert H. Bry-
son, the present executive, is a candi-
date for re-election. The rival candi-
date is "Garry" Hermann, the mil-
lionaire baseball magnate of Cincin-
nati. Nearly all of the present officers
and committeemen appear to favor the
re-election of Bryson, but Cincinnati
has sent a large and loud delegation
that is working hard in the interest of
Hermann and has succeeded in enlist-
ing the support of a number of the
delegates. Cincinnati is also the most
prominent bidder for the 1907 tourna-
ment, her chief rival being St. Paul.
There is some mention of Detroit as a
possible bidder for the tournament, but
at present the indications appear to fa-
vor Cincinnati first and St. Paul as a
second choice. Edwin D. Puffer of
Chicago seems to have the inside track
in the contest for the secretaryship
to succeed Sam Karpf, who has de-
clined the use of his name as a candi-
date for re-election.

VALUE OF LIGHTNING
RODS TO SHIPS.

The destruction of ships of
the British Navy by lightning
amounted to an annual loss of
\$300,000 to \$500,000 prior to
1840, when they were system-
atically equipped with Light-
ning Rods. William Snow
Harris says that 40 sails of the
line, 20 frigates and 12
sloops and corvettes, were
disabled in five years, ending
1815, and that in fifty years
ending 1840, 280 ships were
struck by lightning, occasion-
ing a loss of \$750,000, and
killing and maiming 350 men.
Through the urgent
appeal of the royal navy were
thoroughly furnished with
copper conductors, and no loss
by lightning has since oc-
curred, though the British Navy
has greatly increased. For this
service Harris was knighted
by the queen and pensioned
by the government. If Light-
ning Rods are a good thing for
the ships of the navy of the
world, they are a good thing for
the people that own buildings in
Wisconsin and if you will step
into 13 N. Franklin St. we will
show you a house struck by
lightning set on fire and how the
same house can be absolutely
protected from the death dealing
rod. It is a pure copper cable
rod and has never been struck
by lightning and is manufac-
tured in Janesville

WASHINGTON CHAT
BRIEFLY WRITTEN

GOSSIP ON HAPPENINGS IN NA-
TIONAL CAPITAL.

JESSE GRANT FOR PRESIDENT

Son of Famous General is Talked of
as Democratic Nominee

Washington, D. C., March 16.—Al-
though the session of congress just
closed established a new record in the
number of bills passed, it probably al-
so set a new mark for the number
of measures it "turned down." Prob-
ably never before in history were
there such a number of bitter fights
on questions of public importance as
marked the final days of the fifty-
ninth congress. Among the most bit-
ter of these clashes was that over
the ship subsidy bill, which passed
the House only to meet its usual fate
in the senate. Among the other more
prominent victims of the legislative
axe were the child labor bill, the re-
vision of the copyright law, tariff re-
form for the Philippines, citizenship
for Porto Ricans, inheritance tax cre-
ation of forest reserves in the White
and Appalachian mountains, the eight-
hour and the prison-made goods bills.
Established in committee rooms are
numbers of other measures, but al-
together, despite the great activity of the
short session, probably more measures
fell before the onslaught of enemies
than ever before in the same space
of time within the halls of congress.

Evidently the American people are
awakening to the necessity for the
conservation of the forests and the es-
tablishment of new ones. Such great
interest has been aroused in the sub-
ject that the Forest Service has been
compelled to add considerably to its
bulletins and circulars dwelling
on the general principles of forest
conservation and replacement, the ser-
vice has just issued twenty-four spe-
cial circulars, or leaflets, treating of
specific trees. It is adding to this se-
ries of sixteen more documents treat-
ing particularly of trees adapted to
conditions in the Middle West. These
will be ready within a very short time.

Considerable interest is being taken
here in the reported boom for Jesse
R. Grant, the young son of President
Grant, for head of the democratic ticket
in 1907. Grant is said to have con-
siderable of the force of his famous
father, and leading democrats here
think that any hopes their party may
have in success in the coming cam-
paign will disappear in the smoke of
battle should the Grant and Bryan
boom blaze. It is said here that Wil-
liam R. Hearst is behind the Grant
movement, a contention that is
strengthened by the fact that Roger
C. Sullivan, democratic national com-
mitteeman for Illinois, and Charles
A. Walsh, who recently resigned the
position of secretary of the democra-
tic national committee, are both in
New York in close conference with
Mr. Grant and Mr. Hearst. The situa-
tion is being watched over with much
interest, especially by the democrats
on "receptive candidates" for the re-
publican nomination who "live" and
have their being within the shadow of
the White House.

Mrs. Bddy is not the only one who
is having trouble over the question

To Owners
of Bad Breath--

Foul Odor of Indigestion, Smok-
ing, Eating or Drinking Stopped
at Once With Stuart's Char-
coal Lozenges.

Trial Package To Prove It Sent Free.
Bilious breathers, onion eaters, in-
digestion victims, cabbage consumers,
smokers, drinkers, and those with gas
on the stomach are in a class by
themselves, distinguished by a power-
ful bad breath.
They all breathe, and as they
breathe, they whiff out odor which
makes those standing near turn their
heads away in disgust. The pitiable
part of it is that these victims do not
realize what a sickening thing a bad,
offensive breath is to others.
Charcoal is a wonderful absorber of
gases and odors. It absorbs 100 times
its own volume of gas.

Stuart's Charcoal Lozenges will put
a stop to your bad, offensive breath,
and to your belchings, whatever the
cause or source, because the charcoal
quickly absorbs all noxious, unnatural
odors and gases.
If you suffer from indigestion and
belch gas as a result, Stuart's Char-
coal Lozenges will absorb all the gas
and make you stop belching.
If on getting up in the morning you
have such a bad, bilious breath, that
you can almost smell it yourself, Stu-
art's Charcoal Lozenges will get rid of
it for you quickly.

If you have been smoking or chew-
ing, or have been eating onions or other
odorous things, Stuart's Charcoal
Lozenges will make your breath pure
and sweet.
Charcoal is also the best laxative
known. You can take a whole boxful
and no harm will result. It is a won-
derfully easy regulator.

And then, too, it filters your blood,
every particle of poison and impurity
in your blood is destroyed, and you be-
gin to notice the difference in your
face first thing—your clear complexion.

Stuart's Charcoal Lozenges are
made from pure willow charcoal, and
just a little honey is put in to make
them palatable, but not too sweet.

They will work wonders in your
stomach, and make you feel fine and
fresh. Your blood and breath will be
purified. You will feel clean inside.

We want to prove all this to you, so
just send for a free sample today.
Then after you get it and use it, you
will like them so well that you will go
to your druggist and get a 25c box
of these Stuart's Charcoal Lozenges.

Send us your name and address to-
day and we will at once send you by
mail a sample package free. Address

of Christian Science. Uncle Sam finds
himself in a peculiar predicament be-
cause of the same question. It seems
that William H. Myers, a customs in-
spector of Baltimore, reported sick
the other day. Myers is a Christian
scientist. The government service re-
quires all persons on sick leave to pre-
sent a physician's certificate. In ac-
cording to the teachings of his sci-
ence, Myers has not retained a physi-
cian and therefore cannot produce the
necessary papers. For this reason the
question has been brought to the
attention of the treasury officials and
they are in a quandary, although Sur-
veyor Ravencroft, the invalid's im-
mediate superior and a graduate physi-
cian, has certified to the fact that Myers
really is ill. Myers wants his
sick pay and his demand places him
in an odd position if he is really sick
and he is not a good Christian scientist,
and if he is not ill at all he is in dan-
ger of being discharged from the ser-
vice for absenting himself from his
work. If any kindly disposed Ameri-
can citizen sees a way out of this
jumble, he will confer a great favor
on certain worried members of Sec-
retary Cortelyou's official family if he
will point the way.

RUNAWAY BOY SENT
BACK TO PARENTS

Seven-Year-Old Willie Green of Jef-
ferson Wanted to See the World—
and Came to Janesville.

This is the season of the year when
the wanderlust takes possession of the
small boy. Yesterday seven-year-
old Willie Green of Jefferson yielded to
its insistent commands and with-
out the formality of a farewell to
parents started out to see the world
on the southbound train over the
Northwestern, which arrives in
Janesville at 10 p. m. He was last
seen taking in the wonders of Mil-
waukee street and at the same time
fighting off the fear of approaching
night, his sole capital for securing
lodging and food being a few pen-
nies, when Officer Fanning accosted
him. The boy readily confessed that
he had run away from home. A tele-
phone message was sent to Jefferson
and last evening the boy was headed
homeward in charge of the conduc-
tor of the 8:25 train.

HE WOULD NOT YIELD
WITHOUT A STRUGGLE

Rudolph Voeltz, Adjudged Insane,
Put up a Fight at His Farm
Near Clinton.

Rudolph Voeltz, who was examined
by physicians and pronounced insane
last Thursday, did not surrender to
Sheriff Fisher without a struggle
when the latter visited his farm near
Clinton yesterday. The man was
working in the barn when the offi-
cer arrived on the scene and his de-
meanor was calm enough until he
caught an inkling of what was afoot.
Then and there he declared that it
would take a whole army to get him
off the farm and he forthwith pro-
ceeded to put up a battle which did
not end until seven relatives and farm
hands, had assisted in pinning him
down and getting him into a straight-
jacket and irons. The man's actions
have for several weeks betrayed a
disordered mind. At intervals he had
been hiding in the woods, occasion-
ally reappearing concealed for several
days at a time.

NO SUFFERING BY
COLD IN MONTANA

F. W. Ellis, Formerly of Janesville,
Writes of Conditions as They
Were and Not as Reported.

In a letter to Thomas Nolan, bag-
gage master at the North-Western de-
pot, Friend W. Ellis, a former resi-
dent of Janesville says a number of
very interesting things concerning
Montana, whither he went last year
to make a home. Writing on March
3 from Ellis Ranch, Park county, he
says:

"I see by the eastern papers that
we here in Montana have been hav-
ing a hard time and that there has
been a great deal of suffering on ac-
count of the cold winter and that
ranches have lost lots of stock. Well,
we learn such things from the east-
ern papers, I speak only from what
I have seen. The cold has been what
as severe as most winters in Wis-
consin. There was one week of ex-
treme weather and then the ther-
mometer registered 18 below but the
air is so light that the cold is not no-
ticeable. You may judge how cold it
has been when I tell you that we do
not let the water out of the stock
tough and only a thin scale of ice
forms; this the cattle break with
their noses. I have not seen a day
it was not comfortable to work out of
doors. On the foothills there has
been plenty of snow and the 1907
wheat crop is assured. In the val-
leys there has been scarcely any
snow and stock ranged all winter.
That is how stock is lost. People
range the cattle as near the foothills
as possible and now and then a bliz-
ard overtakes a bunch of two or
more thousand.

"We have fine soil—bents old Rock
county—but the season is too short
for some crops. Wheat, oats, barley
and rye do fine. Wheat, plump and
hard, yields as much as fifty bushels
to the acre. Potatoes also do well.
Stock does well and even in the foot-
hills ranges a greater part of the
year, however better results are ob-
tained by housing and feeding. There
is plenty of wood in this section and
soft coal in several places. A mine
was opened last season about twenty
miles from Vick Ellis's place.

"There is plenty of small game
here and lots of coyotes and wolves
can be seen and heard. There are
some bear and deer but as yet I have
no great hunting story to tell.
"All of the Janesville people out
here are enjoying good health. Vick
and his family and the Valleaus are
all well. My wife has been sick with
a cold but is much better now."

ORGANIZATION OF
EVANSVILLE Y. M.
C. A. IS EFFECTED

Officers and Board of Directors Have
Been Named and Association Will
Now Be Established.

[SPECIAL TO THE GAZETTE.]

Evansville, March 15.—A meeting
of the signers for membership in a
local Y. M. C. A. met at the city hall
last evening. The meeting was called
to order by Chairman E. A. Meyers.
The secretary, W. W. Gillies,
being absent, C. W. Leyda was elected
to fill the office. The minutes of the
last two meetings were then read
by the secretary and approved. The
committee of finance, of which R. M.
Richmond was chairman, reported
having signers to the amount of about
\$245 and as the ground had been pre-
pared, well canvassed it began to look
doubtful if the full amount, \$500,
could be raised to equip the associa-
tion. State Secretary Anderson of
the Y. M. C. A. was present and gave
his views and after H. O. Meyers
gave a strong talk, stating our needs
of such an organization, showing by
comparing our city with similar places,
that we should be ashamed not to
push this organization to a speedy
completion, whereon the speaker was
applauded, and a deeper interest on
the part of those present was man-
ifested. Talks of interest were made
by several others and after some dis-
cussion by Mr. Anderson a vote was
taken to immediately organize a Y.
M. C. A. and the constitution and by-
laws of the association were read and
adopted by a unanimous vote. A
committee of three, composed of R.
M. Richmond, chairman, Frank Hub-
bard and Irwin Winters, together with
Mr. Anderson, was appointed by the
chair as a nomination committee for
a board of directors of twelve mem-
bers as follows: A. S. Baker, W. W. Gil-
lies, H. O. Meyers, and Prof. Wm. L.
Williams, each three years; O. S. Shep-
ard, G. W. Leyda, V. A. Axtell and
E. M. Jones, each two years; F. W.
Hanson, E. O. Meyers, J. P. Porter
and Fred Franklin, each one year. It
was moved and seconded that the
secretary cast a ballot for the above
men; carried. The committee on no-
minations then retired and prepared
the following as officers: H. O. Meyers,
J. P. Porter, Treas., and W. W. Gil-
lies, secretary. On motion the sec-
retary cast the ballot for the officers;
carried. After considerable discus-
sion on the various ways to go about
the work and talks by Sec. Anderson
the meeting adjourned with a deeper
interest manifested by everyone pre-
sent to make Evansville a banner as-
sociation. The board of directors will
meet next Monday evening and plan
their work and campaign. "All feel
that this association will fill a long-
felt need and earnestly trust our citi-
zens will be public spirited enough
to take hold of this and lend their in-
fluence, time and money to put the
organization on a sound financial basis.

Before The Footlights.

All persons in this community who have not been fortunate enough to see "On the Bridge at Midnight" have no idea of the wonderful accuracy with which great structures and their operation can be imitated on the stage. The bridge scene of "On the Bridge at Midnight" which gives the play its title, was a revelation even to Chicagoans who have the original, the great Jack Knife bridge in their city. At first the bridge itself was a subject of doubt and even engineers said it would be impossible. After it proved its great worth and its perfect mechanism, the idea of giving an adequate reproduction on the stage aroused the

doubters but the management triumphed over all difficulties and when the play was produced in Chicago, doubt immediately gave way to admiration. The bridge opened its great valves like the original and ships passed through. "On the Bridge at Midnight" will be presented at the Myers Theatre this evening.

James McIntyre, of the famous minstrel team of McIntyre and Heath, who are the stars of Klaw & Erlanger's notably successful production, "The Ham Tree," to be presented in this city at the Myers Theatre Friday, March 22, recently gave at writer of the stage on a New York paper a most interesting story in reference to the career of himself and partner.

"We joined forces in 1874," said Mr. McIntyre, "and have worked together ever since. This, I think, is a record in the theatrical world. Some people think Mr. Heath and myself earn our money easily, but once we had to work overtime for it, with a

few extra hours thrown in. In the old days we did not figure the length of our working time on the stage by minutes, as is the custom today. We were with a minstrel show and the things we had to do would make an actor of this generation can. We appeared as end men in the first part and contributed a few dances. Then Mr. Heath would do a Dutch turn, after which we presented a negro act, something like the one we are doing now. Next we appeared in white face as a song-and-dance team, and finished up by taking parts in a little drama. Whenever we got a chance, we appeared at private entertainments for

Survey of Brazilian Rivers.
A survey has been authorized by the Brazilian government of the Rivers Purus, Acre and Juruá, with the object of improving the navigation upon them. There seems to be no prospect of the great Amazonas territory reached by these rivers being opened up in any other way.

Delicate Women

who suffer from sleepless-
ness, backache, or pain
will find relief by taking
Dr. Miles' Anti-Pain Pills.
They are quick in action,
relieving headache in a
few minutes, while nearly
every other form of pain
yields to their soothing
influence. A great many
women have found that a
few carried with them,
insures immunity from
suffering.

"I am one who has suffered for 13
years every month. For several years
I took doctors medicine, until I gave
up to suffer until death. One day
when I was in great pain, Mr. Sales,
for whom I was working, gave me a
box of Anti-Pain Pills. At first I re-
fused them but he insisted on my try-
ing them a trial, and I must say they
are the only thing that I ever took
that relieved me without putting me
to sleep. Last August I began to use
them and to-day I am willing to say
that I am cured as I had only one pill
this month. I recommend them to
women who suffer, and believe they
can live without pain if they will take
Dr. Miles' Anti-Pain Pills."

BOER'S HEARING SET FOR MONDAY

PENDING WHICH HE IS HELD UNDER \$800 BONDS.

ROUGH RIDER IN ST. LOUIS

Exposition Spectacle of the South African War—Afterward Located in Milwaukee.

City Marshal Appleby returned from Milwaukee this morning with William J. DeJongh, ex-lieutenant of the Boer forces in the war with the British, exhibition rough-rider at the St. Louis exposition, lawyer, lecturer, traveling salesman, and more recently agent for the Columbia Phonograph Co. in this city. Representatives of the latter concern swore out the warrant, charging him with having between the 26th of January and the 6th of March embezzled and converted to his own use \$32.99 of the firm's money. The prisoner appeared in municipal court this morning and his examination was set for Monday at 2 p. m., bail being fixed at \$800. No one appeared to furnish bonds and he was committed to the county jail pending the legal proceedings against him.

Recognized in Milwaukee.

After hastily packing his belongings in the South Main street apartments rented to him by John Myers, DeJongh left Janesville for Milwaukee on a late train Wednesday evening, March 6. While walking down Wells street in that city yesterday he was recognized by John Ward, a saloon keeper at Sixth and Wells streets, on whom the Boer is alleged to have passed a worthless check for \$14 on a Philadelphia bank two years ago. Calling Detective Manger, Ward had the man taken into custody. The Milwaukee authorities, after hearing from this city, decided not to prosecute, and readily turned the fugitive over to City Marshal Appleby.

Expert Judge of Horses.

De Jongh was born in the Transvaal and claims to come from a family that was in favor with Oom Paul Kruger during the latter's presidency. At one stage of the war he claims to have been military governor of the province of Orange and West. After the surrender to the British he was exiled, according to his statements, because he would not take the oath of allegiance to the new government. At the close of the St. Louis exposition, where he is reputed to have given exhibitions of daring horsemanship in the spectacle of the Boer War, he went to Milwaukee. For a time he worked on the Pabst farm and became well known in certain circles as an expert judge of horses. He suddenly left the city about the time the saloonkeeper's complaint was lodged against him two years ago and his whereabouts had since remained a mystery.

Came Here From Rockford.

He came here from Rockford, and opened up the photograph establishment on East Milwaukee street several weeks ago. On Sunday, February 24, he was billed to deliver a lecture on the Anglo-Boer War at the Myers theatre but the announcement failed to attract an audience and the entertainment was abandoned. A day or two before his departure he is alleged to have cashed a check for about \$13 on a mythical "Third National" bank in Chicago at Spellman's cigar store. It is said, however, that he made restitution when his attention was called to the matter. He left a large head bill at the Park hotel unpaid and neglected to make any settlement with others to whom he was indebted. De Jongh is a young man of medium stature, clean shaven, dark complexioned, and easily distinguishable by the large lenses in the spectacles he wears.

Named Withdraw.

Places on the two party tickets which are not filled at the primaries will have to remain blank. The republican and democratic city committees are empowered by the primary law only to fill vacancies, and no vacancy can exist unless some candidate who has been entered either by nomination papers or by writing in his name at the primaries for an office, withdraws from the race. The present primary law makes no provision for naming these city committees but there is a clause in it which declares that in all cases the old party committee shall hold over until a new one is appointed. Hence the gentlemen who composed these organizations before the primary law went into effect are still in office and there is no method in sight for displacing them. After the primaries next Tuesday and up to within seven days of election day, April 2, individual nominations may be filed. No individual nominee is permitted to run on a party ticket. The above explanations were made by City Clerk Arthur E. Badger in response to some inquiries made this morning.

THE WEATHER

The weather for the last 24 hours as taken from Helmsstreet's U. S. registered thermometer is as follows: 7 a. m., 40; 2:30 p. m., 60; highest, 60; lowest, 40; wind, south; pleasant.

VERDICT FOR PLAINTIFF IN JUDGE REEDER'S COURT

Jury Found for Carpenter & Lemmerhirt in Action Against

Geo. W. Hurr.

In the action of Carpenter & Lemmerhirt vs. George W. Hurr, tried in Judge Reeder's court yesterday afternoon, the jury last evening brought in a verdict of \$22.11 and costs for the plaintiff. Defendant appealed the case to circuit court. The action was brought to recover on a board bill. Andrew Dugane of Cedar Rapids, Ia., claims the same fund which the plaintiffs are seeking to levy on, by reason of the alleged assignment to him of Hurr's December wages of \$24.91 due from the St. Paul railroad company. The action of the Janesville Sash & Door Co. against John Cliff of Beloit was called this morning and held open until afternoon.

Fought For the Interurban.

Unfolding efforts on the part of William W. Watt finally secured for the city the Madison-Janesville interurban railway. The stand this young man took in securing this important public enterprise entitles him to the support of every man who owns a dollar's worth of property in Janesville. It is this hustling material that Janesville has lacked for years and now is an opportunity for her citizens to wake up to the fact.

"BUSINESS MAN."

Third Ward Voters.

In order to repudiate reports spread by the political machine I wish to state the following facts: I have lived in the retail business 20 years; pay more taxes to the city than either of the other candidates; buy my goods in Janesville; my money is spent here to build up the city; I seek no favors to my personal gain from the city; am not under any obligations to any corporation. I live on the outskirts of the ward but am for 10 hours in the center of the city tending to my own business.

I am opposed to corporations controlling politics. I wish to see every part of the ward receive its share of the ward fund for repairs and every man pay his equal share of the taxes. I have the support of every voter not seeing special favors. If you wish equal treatment to every man in the ward vote for

TO THE VOTERS OF THE THIRD WARD.

Being a candidate for the nomination for alderman of your ward I desire to say that I am prepared to devote, if nominated and elected the necessary time to a careful consideration of all matters of public interest; that any matter of public interest will receive my best efforts with the purpose, always in view of safeguarding and promoting the best interest of the ward and of our city, and with this understanding I respectfully ask for your support.

EDW. AMERPOHL.

Your Alderman Your Agent.

When you select an administrator for your estate or an agent to act for you in business matters, you look to his record, his capabilities and his personality closely. Your alderman is nothing more or less than your business agent. You delegate to him the right to decide and the power to act on matters which concern you closely and vitally. You have no power to revoke the authority given him, nor can you change his decision on any matter except by advice and counsel. He is independent of you much more than an agent and you are compelled to rely absolutely on his independence and judgment.

When there is an opportunity, as at present, to elect a man like Mr. Harry Brown for alderman in the third ward, there can be no doubt of his selection at the primaries next Tuesday.

What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alterative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach, or catarrhal dyspepsia, bowels, or bladder.

The words of praise bestowed on the general ingredients entering into Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because our readers are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native, American medicinal-forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for these medicines of known composition, any secret nostrum.

Dr. Pierce's Pills, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

own citizens.

Mary, Queen of Scots.—We are gratified to be able to state that Judge MacArthur, of Milwaukee, will deliver three lectures on Mary, Queen of Scots, in this city within a short time, probably next week. The Judge is well known throughout the state as an agreeable and popular speaker, and these lectures upon Mary and the prominent men and women of her time, cannot fail to be interesting to all who have the privilege of attending them. Due notice will be given of the time.

To Be Removed.—The U. S. Internal Revenue Assessors' office, which took a swing from Madison to this city a few months since bids fair to swing back to that place at a very early date. The gentleman just appointed and confirmed to fill the office resides there and will naturally locate the office at that place.

SOUTH HARMONY.

South Harmony, March 14.—The X. Y. Z. club will present diamonds and hearts at the Johnstown Center hall Thursday evening, March 21. "Every body is cordially invited. Candall Brothers' orchestra will furnish music during the evening.

Blanch Godfrey is visiting friends in Whitewater for a few days.

RAMBLER

MODEL 21

Acts, Not Words; Accomplishments, Not Promises

In these "show me" days it is what is done, not what is promised, that serves as a guide to the discerning buyer.

When Mr. Martin's three-year-old Rambler left Milwaukee recently on its long journey and covered over 2000 miles through rough muddy February roads we offered no prophecies or promises. We knew the car and could afford to wait.

Not only did it make good on the road, but after the motor stopped through clogging of the gasoline pipe, two technical engineers of national reputation dismantled the car and reported it in such condition that at an expense of less than 25 dollars every worn part could be replaced and the car made as good, except in paint and finish, as the day it first left the factory, and this after three years' service, aggregating over 45,000 miles.

Model 21 is the worthy successor to this car. In it is embodied every feature that has made the Rambler.

THE CAR OF STEADY SERVICE

to the good features of the earlier models are added such refinements of detail as have naturally resulted from three years of logical and scientific development.

Model 21 stands today pre-eminently the leader of simple cars and has been absolutely proven the most efficient, serviceable, reliable and convenient car ever built.

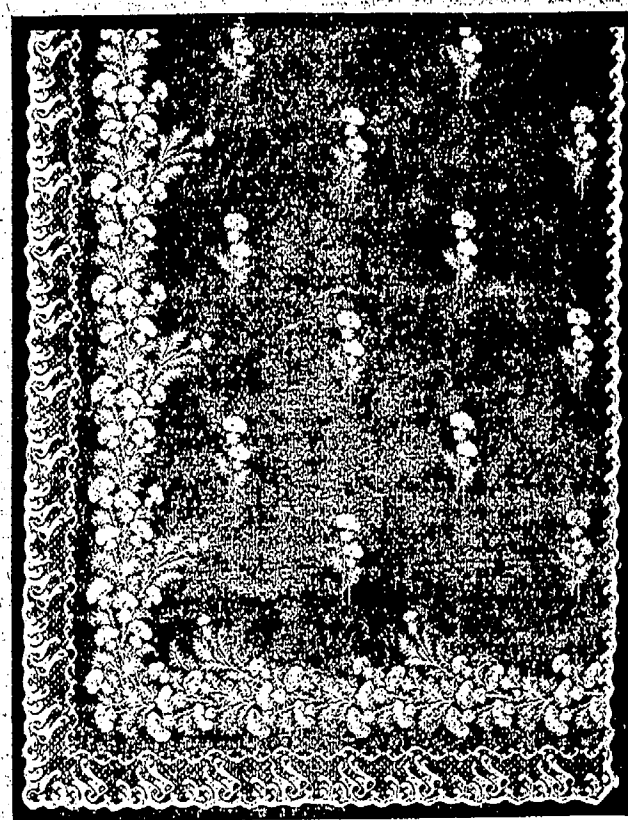

There are four other models, Runabout and four cylinders touring cars, and you should ride in one of them. Write, telephone or call.

THE ANNUAL

MARCH CLEARING SALE OF FURNITURE

is attracting the attention of all who need anything in the furniture line this spring. Now is the time to buy, and you all well know the place. It is the only annual sale of this kind in Southern Wisconsin, at a time that the people need the goods. During the past week we have made arrangements to handle the Foster Bros.' Ideal Iron Beds and Spring. We now have exclusive sale on the four largest and strongest lines in this country:—

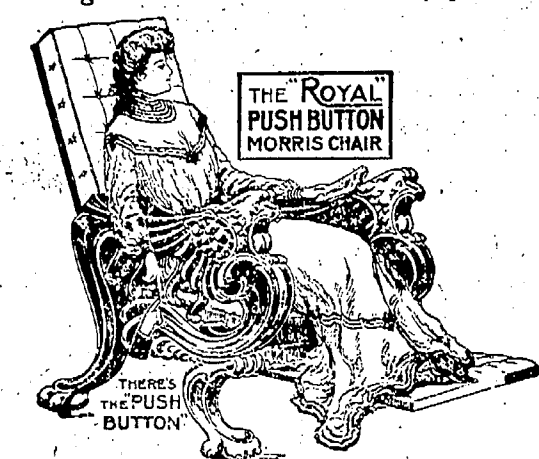

*The Heywood Carriages and Go Carts,
The Stearns and Foster Felt Mattresses,
The Foster Bros.' Ideal Springs and Iron Beds,
The Royal Chair Co.'s "Push Button" Morris Chairs.*

and when you add to this the Hanson Furniture Co.'s line of Pillar Tables—you have, at home, the very best goods offered for sale. These goods are all guaranteed the best. Why buy cheap and inferior goods, when the best can be bought as cheap—and many times at a lower price? These large and well known factories do not

compel us to charge a certain price for goods, but put out their goods in competition with the world.

Look at the Stearns and Foster Felt Mattresses, prices \$7.00, \$9.00, \$12.00, \$14.00 and \$19.00—the finest, cleanest and best mattress made. Try one and we guarantee it will please you.

And the Heywood Go-Carts, ranging in price from \$2.00, their cheap folder, to \$25, \$30 and \$40 for their fine auto carts. There are no other such goods on the market at any price.

The Foster Bros.' Ideal Iron Beds and Springs and Ideal Cribs will be here in a few days so everybody can have one during this sale. And again,

The Royal Chair Co.'s "Push Button" Morris Chairs

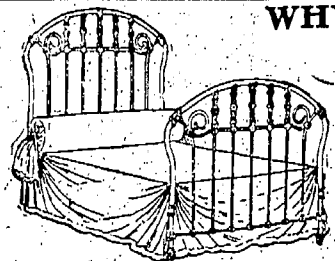

Nothing like them. They are the only Morris Chairs of style and comfort. All quarter sawed golden oak and solid mahogany with a perfect polish. They are not, "how cheap", but "how good," and at a low price.

"YOU WANTED to see the BEST"

You can be sure that it is the best, because we'll show you the inside. You don't have to judge by outside appearances alone, as you would if you shopped elsewhere. It is impossible to make any better than

THE STEARNS & FOSTER MATTRESS

(Our name proves it's genuine. Look for it.)

800 filmy webs, form the nine snow-white downy felts of which it is built. Not a particle of anything but new clean cotton goes into any Stearns & Foster Mattress.

Don't be satisfied by seeing "open end" samples, nor even an open sample mattress. We'll show you the inside and outside of the identical mattress you buy. And we'll let you try it sixty nights, free—then if you are not satisfied, will promptly return your money.

Could anything be fairer than that?

Not a luxury, but a necessity in all households.

Come in to-day—delay means regret on your part.
